

## BURN LESS COAL—HAVE MORE HEAT

GLOBE RANGE BURNERS will do both, because of their scientific construction. The lower part of the "down" flue extends from the bottom base-plate to the top of the ash pit. Then, three flues in the back are three-fourths exposed. This distinctive GLOBE construction gives you twice the direct heat radiation of any ordinary base burner, at less cost! Don't take our say-so. Come in and see for yourself. Rigidly inspect a GLOBE RANGE BURNER. That's all we ask.

Other products of the Globe Stove & Range Co., Kokomo, Ind., are: Globe Steel and Cast Range Base Burners, Soft Coal Heaters and Warm Air Furnaces.

### \$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts through the blood on the mucous surfaces of the system, thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

## Biliousness

WHEN you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and a terrible headache. Take Chamberlain's Tablets. They will tone up your liver, clean out your stomach and you will soon be as well as ever. There is nothing better.

## \$1,000 W. S. CLUBS NOW BEING FORMED

Nation's Stamp Plan Good For Parents and Children Alike.

Columbus, O.—(Special).—"Thousand Dollar War Savings Clubs" are being organized in many sections of the state. Requisite for membership is that a person agree to buy, during 1918, \$1,000 worth, maturity value, of War Savings Stamps.

"People of Ohio can't duplicate, any place, the chance to buy \$1,000 of such first-grade security for \$326," Director H. P. Wolfe of the Ohio War Savings committee says in a statement issued from headquarters. "And the significant feature of such a purchase is that the increase in value of the War Savings Stamps is guaranteed by the government. At maturity, Jan. 1, 1923, the purchaser will get \$1,000 in cash on surrender of his War Savings Certificates."

The "Thousand Dollar War Savings Club" idea is spreading to many sections of the state. In Holmes county, Chairman Charles R. Cary has 14 charter members of such a club; he expects to secure 100.

The "Thousand Dollar" idea is being carried still further in some communities. Organization of Five Hundred Dollar Clubs and "One Hundred Dollar Clubs" is being perfected in many localities.

"Impression prevails in some communities that the War Savings plan is only for children and those in moderate circumstances," the state committee says. "This is not the case. The government thinks so well of its savings plan that it limits participation. No person can own more than \$1,000, maturity value, of these stamps. First of all, the United States desires to see its War Savings Stamps and Thrift Stamps distributed as widely as possible."

Children Buy \$1,500 in Stamps. Mansfield, O.—(Special).—Grade school pupils here have bought \$1,500 worth of United States War Savings Stamps and Thrift Stamps. A special War Savings plan, directed to the school children of this city, is being conducted by School Superintendent H. H. Heltzer.

It is no longer a question of whether we can afford to buy a thing we want. The question now is: Can the nation afford to have us buy it? War Savings Stamps and Thrift Stamps are items the government asks you to buy.

## W. S. S. GOSPEL FOR PULPITS

Clergy of All Creeds Asked to Explain Nation's Stamp Plan.

Columbus, O.—(Special).—Suggestion has gone forward to the clergy of Ohio to preach importance of the gospel of Thrift; to explain the government's War Savings plan.

This request is in keeping with the plan of the Ohio War Savings committee to employ every available agency in disseminating information concerning the necessity of genuine participation in the War Savings plan. "We are asking you, wherever possible, to include in your sermons or addresses a few words telling of the United States saving movement," clergy of all creeds are advised by the state committee.

"The United States wishes to mobilize all the women, all the children, all the wage earners, and everyone who can not go to the front into a great Thrift Army, to back up the men in the trenches," the ministers are told. "We are calling upon you to be officers of this Army of Thrift."

W. S. Society Gains \$1,500. Coshocton, O.—(Special).—The Alpha War Savings society—first W. S. S. formed here—showed at latest report that its members had made a gain in ownership of War Savings Stamps and Thrift Stamps of \$1,529 since the last previous report.

Helping the School Children. Leipsic, O.—(Special).—Superintendent W. B. Edwards of the Leipsic schools has guaranteed each pupil who buys his first Thrift Stamp another stamp of equal denomination.

Before the American people can understand thrift and economy, they must learn that money possesses other terms than in dollars and cents; they must appreciate money in terms of what it can buy. Realization of the real power of money will come when American people take advantage of the facilities offered by the government's War Savings Stamp plan.

## ALL IN THE NATION'S THRIFT BOAT.

Success of the government's War Savings and Thrift plan depends upon whether everybody comes aboard or not. If the boat is wrecked it will not be by a German submarine. No; it will be by those who refuse to make the voyage. When thousands upon thousands of men are making the real voyage out across the Atlantic on to the battlefields of France, how much courage does it require to make a voyage whose only discomfort is saving—at 4 per cent interest, compounded quarterly.

## TRACTOR SCHOOL ATTRACTS MANY

Will Instruct Owners of Tractors How to Operate Them.

NO CHARGES TO STUDENTS

Ohio State University and State Board of Agriculture Co-operating in Conduct of the School—University Professors and Manufacturing Company's Experts to Offer Instruction.

Judging from correspondence the free war tractor school to be held at the State Fair grounds at Columbus from Feb. 11 to 16 will be largely attended.

Details of the school are being rapidly arranged by the Ohio State University and Board of Agriculture of Ohio, which have it in charge.

The school is intended particularly for those who are expecting to operate a tractor for the first time this season, although anyone may attend. No fees will be attached.

Instruction by Experts. The lectures will be given by H. C. Ramsower and G. W. McCuen, tractor specialists of the Ohio State University; I. W. Dickerson and C. O. Reed, formerly of the farm mechanics department, University of Illinois College of Agriculture; A. H. Gilbert, formerly of the department of agricultural engineering of Purdue University, and L. W. Chase, head of the department of agricultural engineering of the University of Nebraska.

Experts from the factories of the different tractor companies will be in charge of the laboratory work. Program in Detail. Following is the program for the week:

Monday—Registration, Theory of Gas Engines.

Tuesday—Types of Tractors, Ignition and Tractor Ratings.

Wednesday—Valve Grinding, Carbon Removing, Lubrication and Bearings.

Thursday—Transmissions, Curburetion of Fuels and Carburetor Adjustments.

Friday—Troubles, Trouble Adjustments and Tractor Operation.

Saturday—Plow Hitches and Pony Brakes.

All persons expecting to attend are advised to remain during the entire week. Further information may be secured from H. C. Ramsower, Ohio State University, Columbus, Ohio.

Salt to Clean Dress. Clean soiled light cloth garments by rubbing them with hot salt. Afterward brush well with a clean brush and dampen and press if necessary.

Rubber Planting in Sumatra. There are signs of increasing American investments in Batavia. One is a rubber-planting concern in Sumatra where 50,000 acres have been acquired.

The apple always falls to the ground.  
It cannot FALL UP.

The price of the Maxwell closed cars—\$1195—was fixed in accordance with another inexorable law.

For less than \$1195 it would be impossible to give you closed cars combining—as they are combined in the Maxwell—beauty, grace, comfort, efficiency, durability, economy and standard equipment.

For more than that, on the other hand, you could only get larger size or fancier furnishings.

Five-Passenger Sedan, \$1195; Six-Passenger Town Car, \$1195; Touring Car with All-Weather Top, \$855; Touring Car, \$745; Roadster, \$745.
